GREEN WOLF LIGHTING

Information

Cordless, Murano glass table lights

OPERATIONAL INSTRUCTIONS:

Plug lead into base and into USB socket

Place lamp on base and charge for 3-5 hours or overnight for full charge

On/Off button located on base of unit

FUNCTIONS:

- Wireless remote control operation
- Rechargeable with 12 or more hours of light per charge
- Candle flicker setting option

USAGE & HANDLING:

Water resistant. Suitable for indoor and outdoor use

Do not immerse in water

Do not drop the lamp as this may cause breakage

DESIGN & DISPLAY:

Our glass lights are handblown in Murano Italy

Each one is unique and any variations are part of the design

Use to create an ambience on your table settings indoors or outdoors

Display lamp singularly or as a group

SUSTAINABILITY:

We use LED light, the most energy efficient sustainable form of lighting.

The LED lifespan is approx 50,000 hours (approx 10 years) and can be replaced in a technical shop. Long-lasting and rechargeable - no batteries: no waste. Our lights are packaged using recyclable materials.

Included in the box:

- 1x Lamp (2700k LED)
- USB lead
- Charging base
- Remote control
- Glass cleaning cloth
